

Rotary Club of Melton Mowbray

Minutes from the International Committee meeting 14th October 2021

Committee Members

Apologies:- , Pankaj Gulab, Joe Carrington, John Hodgson.

Present:- JR,

The **Minutes of the previous meeting**, were considered and approved.

Philippines

Alison previously presented information on the Philippines project progress.

- Alison reported that the current project was now completed, A further project for Music and the arts is to be considered for future schemes. **A visit from Alison to the Philippines is pending**
- A further Typhoon has caused damage especially to the roofing at a school where we have already been party to remedial work – AB had reported. that remedial work to the roofing had been completed locally with local funding

Spectacles, cartridge, phone and foreign currency collections.

All still ongoing. Further payment had been forwarded to the treasurer for recycled cartridges

Other Projects

- It was considered that the lead time to send assistance to newly occurring disasters was too long to be effective and that we should concentrate our efforts for these occurrences towards Rotary's centrally supported schemes such as Shelter Box.
- The above to be reviewed regularly to test for a change of emphasis.

Next meeting. Monday 22nd November 2022. 12.15pm. @ TBA.
